

Year 3 GP Teaching Scenarios

Dear all,

Thank you for helping with this session.

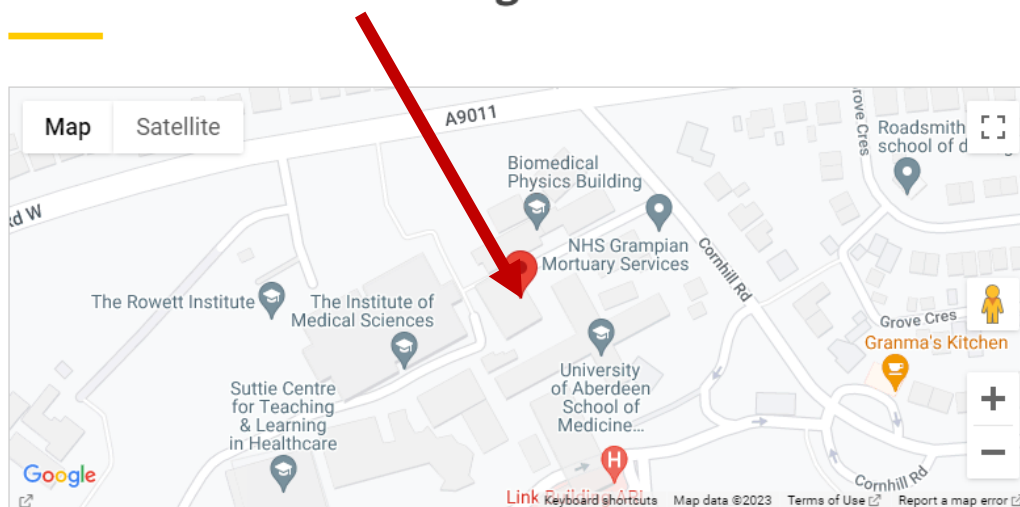

The session is a new one for the GP teaching team. So, we are very much learning as we go, and we would very much appreciate your feedback afterwards.

There are 3 scenarios between three of you, the students will work their way round all of you. You will all be in separate rooms with a tutor and the students will see you as if seeing patients individually at a GP surgery. You will each do your scenario 4 times, swapping groups along the way.

Time	Tutor 1	Tutor 2	Foyer (break)
09.10 – 09.35	Scenario A	Scenario B	Scenario C
09.35 – 10.00	Scenario B	Scenario C	Scenario A
10.00 – 10.25	Scenario C	Scenario A	Scenario B
Student groups changeover – PPs to wait in foyer for tutor to brief new groups			
10.40 – 11.05	Scenario A	Scenario B	Scenario C
11.05 – 11.30	Scenario B	Scenario C	Scenario A
11.30 – 11.55	Scenario C	Scenario A	Scenario B (early finish)

If you can go directly to the Health Sciences building (behind Suttie) that would be helpful, however if you are unsure then please come to Suttie for 9am. You are welcome to make your own way there if you wish, the building is behind Suttie. The session will finish at 12noon, please do not leave health sciences until the final group has seen you. They may pop you back to the waiting area between groups and have had patients go home by mistake in those breaks!

Health Sciences Building

Year 3 GP Teaching Scenarios

Please note that there are no tea and coffee facilities in that building, so it may be an idea to take a bottle of water with you.

Please do email if you have any queries at all.

We will assume your attending unless you say otherwise.

Best Wishes,

The patient partner team.
